

Sing to the tune of "On Top of Old Smokey"

On top of a mountain
Or under the ground
There are many places
Where creatures are found

Alone in a canyon
Or in a dark cave
In rivers and forests
Where all must be brave

On top of a mountain
Or under the ground
There are many places
Where creatures are found

Sing to the tune of "On Top of Old Smokey"

On top of a mountain
Or under the ground
There are many places
Where creatures are found

Alone in a canyon
Or in a dark cave
In rivers and forests
Where all must be brave

On top of a mountain
Or under the ground
There are many places
Where creatures are found

Sing to the tune of "On Top of Old Smokey"

On top of a mountain
Or under the ground
There are many places
Where creatures are found

Alone in a canyon
Or in a dark cave
In rivers and forests
Where all must be brave

On top of a mountain
Or under the ground
There are many places
Where creatures are found

Sing to the tune of "On Top of Old Smokey"

On top of a mountain
Or under the ground
There are many places
Where creatures are found

Alone in a canyon
Or in a dark cave
In rivers and forests
Where all must be brave

On top of a mountain
Or under the ground
There are many places
Where creatures are found
